

NORTHERN CLAY CENTER

American Pottery Festival

23RD ANNUAL : SEPTEMBER 1 - 5 : 2021

Northern Clay Center is pleased to announce the guest artists for the 2021 **AMERICAN POTTERY FESTIVAL**, our annual fundraising benefit. Ceramic artists from across the country will illuminate and **CELEBRATE** the honor in, and value of, the millions of ways to be and live and **CREATE** in the U.S. They will generously offer glimpses of their studio practice, focusing on their personal perspectives and histories, technical information, and insight into their **INSPIRATIONS**. Perhaps most humanizing, they will share experiences as makers through **ARTIST** talks, demonstrations, and an exploration of the core significance of the medium within the context of this year's life-altering challenges.
